HOD's Message

It is with immense pride and joy that I share the latest updates from our dynamic and growing Department of Human Resource Management. This academic year, we have witnessed exceptional achievements from both our students and faculty, demonstrating the strength of our **collective commitment to excellence**.

• Commitment to Academic and Research Excellence

The institution is a beacon of academic distinction, with students and faculty consistently achieving outstanding performance in academics and research. Through SSCI, Scopus, and Web of Science publications, participation in conferences, and funded projects, the institution has established itself as a leader in scholarly pursuits. The editorial board, comprising distinguished academicians and industry experts, drives impactful research initiatives and promotes knowledge dissemination globally.

• Innovative Curriculum and Programs

Department of Human Resource Management (MHRM) is designed to blend theoretical insights with practical applications. The curriculum incorporates cutting-edge topics such as Emotional Intelligence, psychology and Organizational Culture to ensure students are equipped for leadership in a dynamic corporate environment. With a forward-thinking approach, the institution also emphasizes on summer internship program.

• Holistic Student Development

A professional dress code and a vibrant calendar of management activities inculcates discipline and nurture essential skills like leadership, adaptability, and problem-solving. Activities such as business simulations, case study contests, and industry interactions create a hands-on learning experience, preparing students for real-world challenges. These initiatives ensure graduates possess a well-rounded personality and a competitive edge in their careers.

• Technology-Enabled Learning Environment

The institution's smart classrooms are equipped with advanced technology to deliver an engaging and interactive learning experience. This modern infrastructure supports creativity and collaboration, enhancing the quality of education. Faculty members, combining academic expertise with industry insights, leverage this technology to mentor students effectively and inspire innovative thinking.

• A Dynamic and Supportive Ecosystem

The institution is powered by a vibrant team of dedicated faculty and staff who prioritize academic rigor and holistic development. Their commitment to fostering a nurturing environment ensures students achieve excellence in academics, research, and professional growth. Together, the institution delivers an exceptional educational experience that prepares students to thrive in competitive and ever-evolving industries.

Thank you for being an integral part of this journey.

With best regards,

Mrs. A. Maria Celine

HOD of Commerce and Coordinator of MHRM

MENTOR-MENTEE SYSTEM

Our Mentor-Mentee System is designed to support student progression both academically and personally. Under this system, each faculty member is responsible for a small group of (1-8) students. The primary focus is on improving communication, problem-solving, and time-management skills through regular interactions with mentors.

KEY FEATURES OF THE MENTOR-MENTEE SYSTEM:

- **Personalized Attention:** The mentor keeps track of each student's academic progress, addressing both their educational and psychological needs.
 - **Regular Meetings:** Periodical Tutor-Ward meetings are held every Friday from 2:30 p.m. to 4:00 p.m. where students can discuss their progress and seek guidance.
 - **Record Keeping:** A detailed record of academic results and bio-data is maintained for each mentee to ensure continuous support.
 - **Frequency:** Mentors meet with their mentees seven times during the odd semester and seven times during the even semester to provide consistent guidance.
- This system plays a crucial role in enhancing students' overall development, ensuring that each individual receives the support they need to succeed both inside and outside the classroom.
