CDP

The rural development programme of St.Mary's College is engaged for the empowerment of women. Our institution has been registered as a participating Institute in Unnat Bharat Abhiyan. It concentrates on the social and economic upliftment of the rural people in the adopted villages - Korampallam, Maravanmadam, Palayakayal, Servaikaranmadam and Tharuvaikulam. About 928 students and 22 faculty actively involve themselves in this scheme.

Key progressive works undertaken in the rural areas :

- At Anthoniarpuram, in Korampallam village, with a population of 1190 people we offered training in palm leaf craft and product making to the women. We have also helped them to start units of their own.
- In Servaikaranmadam, we provided tailoring machines and started three months training programme. This has given them confidence to meet their financial requirements.
- In Tharuvaikulam we oriented the people on roof and home gardening, and also created provisions in 10 houses. It was heartening to note that they have cultivated and reaped the benefits of their first harvest.
- In Palayakayal we initiated the programmes on water harvesting, roof garden making, cloth bag distribution and spoken English training to village students.
- Pond cleaning in Tharuvaikulam and environment cleaning in other areas were undertaken.
- All these productive undertakings were done after convening the Grama sabha meeting and consulting with the members, about the needs of the village people.

Apart from these we offered 66 total number of programmes in the past one year.

- Preparation of Handworks using Waste Materials, paper bag making, soap making and Vermicompost
- Providing psycho-social inputs with therapies like Laughter, Clapping and Body-Movement Therapies
- Health awareness on the importance of Medicinal Plants and eradication of Dengue.
- Academic enlightenment given to young students by tutoring, spoken English and eradicating Math Phobia.

- Eco-consciousness promoted with Water Conservation, Area Cleaning, Seeds Distribution, Ban plastic awareness campaigns and Digital Awareness programmes.

These progressive measures empower the rural poor, particularly women by enhancing their skills to have an earning of their own. We try to empower families and thereby villages as a whole socially and economically by giving ample importance to environmental conservation. We act as a bridge by bringing the needs of village people to the authorities, particularly the District Collector. Students disseminate their skills to the deserving people for bringing a social change, to empower the needy, to enhance their skills and to make them earn for themselves so as to make them economically independent.
